Graduates have spent the week capturing the excitement of commencement by snapping selfies and posing with friends and family members for photos across Tulane's campuses.

Now, graduates can upgrade their shots using Tulane-themed Snapchat geofilters available on the uptown campus and in the Mercedes-Benz Superdome during the [Unified Commencement Ceremony](#) on Saturday, May 19.

Students, alumni and visitors can use a bead tree filter when they step under the colorful branches of the campus landmark. A Gibson Hall filter is also accessible from St. Charles to S. Claiborne

Tulane University

avenues and from Broadway Street to Ben Weiner Drive.

Additionally, members of the Class of 2018 can access an exclusive geofilter within the Mercedes-Benz Superdome that will only be available from 7 a.m. to 1 p.m. during the unified ceremony.

More filters will soon become available for use at the downtown [School of Public Health and Tropical Medicine](#).
