

Scot Ackerman MakerSpace dedication

October 18, 2019 3:15 PM Tulane Today
today@tulane.edu

The dedication of the Scot Ackerman MakerSpace took place Thursday, Oct. 17 on Tulane's Uptown campus. The space offers students and professors access to fabrication tools such as laser cutters, lathes, milling machines and 3D printers. Ackerman is medical director of the Ackerman Cancer Center, a radiation oncologist and Tulane alumnus. For more on the Scot Ackerman MakerSpace, [click here](#).
