

Return to Campus Spring 2021

February 02, 2021 2:30 PM Tulane Today staff
today@tulane.edu

Excited, a little nervous, happy and hopeful. These are some of the emotions expressed by students *Tulane Today* interviewed midway through their third full week of spring semester classes. When it comes to an in-person campus experience, Tulane students have voted with their feet. More than 93 percent arrived back on campus this spring after last year's historic return to campus.

Glad to be Back!
