The highly anticipated annual list identifies researchers who demonstrated significant influence in their chosen field or fields through the publication of multiple highly cited papers during the last decade. Their names are drawn from the publications that rank in the top 1% by citations for field and publication year in [the Web of Science](#)<sup>™</sup> citation index.

The methodology that determines the “who’s who” of influential researchers draws on the data and analysis performed by bibliometric experts and data scientists at the [Institute for Scientific Information](#)<sup>™</sup> at Clarivate. It also uses the tallies to identify the countries and research institutions where these citation elite are based.
