

Now There's an App for That

March 11, 2010 1:30 AM New Wave staff
newwave@tulane.edu

Now available for download in the App Store, the free [Tulane application](#) gives iPhone and iPod Touch users access to the latest news, sports schedules, weather, videos and more. Current students, faculty and staff members, as well as alumni, parents and prospective students can all find ways to connect to Tulane via the app.

Watch this short video to see some of the Tulane application's features in action.

Developed in partnership with Straxis Technology, the app includes:

- Campus News – The latest headlines from *New Wave* and *The Hullabaloo*.
- Athletics – Green Wave news and schedules.
- Events – Upcoming campus events.
- Checklists – To-do lists for applicants and newly admitted students.

- Campus Map â?“ Look up campus buildings and find your way around campus.
- Multimedia â?“ Campus photos to use as wallpaper and the Tulane YouTube channel.
- Weather â?“ Current conditions and the seven-day forecast.

"This is a great way for people to keep up with what's happening at Tulane, at any time, from anywhere," says Rachel Hoormann, director of university web communications. "But I want to know what app users think. Please send me your [feedback](#) and don't forget to rate and review the app in the iTunes store."
