Commencement week is a time for many celebrations, including the tradition-filled Under the Oaks Ceremony sponsored by the [Newcomb College Institute](#). The ceremony, which honors women students who are graduating, included presentation of the Daisy Chain. Junior students who carry the Daisy Chain into the ceremony are chosen for the honor for their high levels of achievement in academics and student life. Also at the ceremony, held on Wednesday (May 11), a second diploma was presented to members of the Newcomb College 50-year class.
