

## **Smoke-free campus wasn't cold turkey**

July 22, 2014 8:45 AM Alicia Duplessis Jasmin  
aduples@tulane.edu

When all Tulane University campuses go [smoke-free on August 1](#), this will not have been the first effort toward creating a healthier campus.

In celebration of [Smoke-Free Week](#) in New Orleans, use the infographic below to trace the university's history on tobacco policy.

(Infographic from the Tulane Center for Wellness and Health Promotion)

## A timeline of the effort to make Tulane University a healthier campus.

**“The use of any tobacco product in any form is prohibited on all Tulane University facilities and property effective August 1, 2014.”**

**2014**
