The return of Tulane University football to uptown New Orleans on Sept. 6 will be a day of celebration as well as a day of adventures. Thousands of Green Wave fans will descend on campus to pick out their favorite tailgating spots, find parking spots and locate their seats in [Yulman Stadium](#) for the first time.

To help fans prepare for their first game day experience in Yulman Stadium, Tulane created a mobile app for iOS and Android that offers a slate of useful and fun features.

To help fans prepare for their first game day experience featuring [Georgia Tech vs. the Green Wave](#) at 3 p.m., Tulane has created a mobile app for iOS and Android that offers a slate of useful and fun features. Features include:

• Yulman Stadium parking maps and directions

• Game Day maps and tailgating guide

• Yulman Stadium seating legend

• Yulman Stadium amenities (menus, ATM locations, etc.)

• Green Wave football schedule

• Green Wave football news and rosters

• Green Wave social media and videos

• Tulane University fight song and Hullabaloo cheer

“We're incredibly excited about this historic opening of Yulman Stadium, and warmly welcome Green Wave fans back home,” says Debbie Grant, vice president for University Communications & Marketing. “This mobile app will help fans get acquainted with their new stadium quickly and will enhance their game day experience.”

Grant's team, along with DubLabs, created the app in partnership with Green Wave Athletics. The app is available in Google Play for [Android](#) and in the App Store for [iPhone](#).

A QR code linking to the [app download page](#) will be advertised on print materials such as game day programs and fliers around campus.

“We will continue developing the app and addressing key needs as the season progresses,” says Grant.

Give feedback and suggestions about the app to the team [here](#).
