Zhiyao Li, a master of accounting student in the A. B. Freeman School of Business, enjoys the comfort of Goldring/Woldenberg Hall II on the Tulane University uptown campus. GW II is a 60,000-square-foot facility that houses the graduate business programs as well as the Burkenroad Institute, the trading simulation center and the Darwin Fenner Student Managed Fund. It also serves as a hands-on laboratory for the teaching of energy, risk management, equities and options.
